Best How-To Books Ever!By Kindle CustomerI have bought so many books trying to learn various arts crafts methods only to be unable to figure it out from the text and photos of end products. Finally, I found the "Teach Yourself Visually" series! At last I can actually learn and understand the process, not just see the end product! I will continue to buy more from the series! They are so much more logically and laid out and the step by step pictorials are wonderful!3 of 4 people found the following review helpful. Very handy sewing book!!By Stacia S.I am new to sewing and this book has taught me so much!! Great learning tool if you are learning just learning to sew or just wanting to know extra about your craft!0 of 0 people found the following review helpful. +++By Tommy MorphisGood product, good job.
