Alexandra Stillwell : Technique of Teneriffe Lace (A Batsford Craft Paperback) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Technique of Teneriffe Lace (A Batsford Craft Paperback):

4 of 4 people found the following review helpful. Book, The Technique of Tenerife LaceBy PatsyI received the book in a very short time, it was in, like new condition. The book is very detailed with very good instructions and diagrams with pictures. She covers many shapes such as an oval, a crescent and leaf. One shape that I learned back in the 1940's she didn't show was 1/4 circle or triangle. She showed a number of styles of Teneriffe wheels, like the Daisy wheel, the flower loom andhow to make your own. I would highly recommend this book.0 of 0 people found the following review helpful. Good instructions at a fraction of the cost of a ...By Allison Jones-LoIf you want to learn to make Tenerife Lace this is the book to buy! Good instructions at a fraction of the cost of a class!0 of 0 people found the following review helpful. Five StarsBy Sara R. MauchSuch a wonderful and thorough book. Great pictures to help you learn how to do this technique.

Teneriffe is one of the simplest needlemade laces to create, using a blunt needle and a smooth thread. This book shows how to make the basic motif, and then adapt it to form a variety of shapes. It provides patterns, and 30 variations on the three basic stitches are described.
