Much of the same information is covered here, but I have not tried to use any of the instructions in this book yet. I think it will be fine, and a good reference when I want to make this type of earrings. 0 of

Thoughts on the Tutorial book, Techniques of Beading Earrings by Deon DeLangeBy Beatrice Kay EdwardsTechniques of beaded earrings is very well written, and also very well thought out. I rated this book the highest.As a person who had never tried beading before I found this very informative and interactive with plain, simple patterns and instructions. The results are gorgeous and will not hinder anyone who tries it . It is amazingly frustration free, and I do my best work when I am too.!!!! Thanks to all who put it together and got it out to us.

The book that started it all is back in print and better than ever! This is the original beaded earring book and still the best and most comprehensive instruction on the subject. It has been re-formatted with improved, computerized, beading graphs that are easier to follow and easier to read text. Written by master craftsperson Deon DeLange, this book explains and fully illustrates how to make earrings and necklaces from seed beads, bugle beads, silver heishi and traditional Native American materials. Deon has perfected this art and her expertise and experience make this an easy-to-follow book. Each step is fully illustrated and the text is "reader tested" and enthusiastically endorsed. With over thirty-eight plates, examples, charts and illustrations, in both color and black white, the reader is taken step-by-step through the making of Deon's Designs Originale Earrings (made from seed and bugle beads); Loop Style Quill Earrings; Loop Style Double Earrings; Tin Cone, Quill and Seed Bead Earrings; Headpin Earrings; Heishi Earrings; and, Peyote Stitch Earrings. The creation of complimentary necklaces is also explained and illustrated. This book is truly the best of its kind and a must if you enjoy creating beautiful crafts.

About the AuthorDeon DeLange had been making and creating beaded earrings and necklaces for twelve years when this book was first published in 1984. What started as a personal interest became a family enterprise that employed Deon, her husband Don and their two children. Deon is still beading and selling her creations, which have evolved over the years. She has won numerous awards at state fairs, pow-wows and juried craft shows. She currently has four beading books in print Deon was born in Salt Lake City, Utah and has been living and beading in the Pacific Northwest for many years.
