on with brick stitchBy Quilter SammyThis book is a little more advanced than the author's earlier books, but not much! It must have been written before the advent of Prower Pro and Fireline (fishing line) because she recommends using nylon beading thread. Bugle beads WILL cut through nylon thread in time because of their sharp edges. Though most of the designs in this book have a Native American 'flavor', there are other designs as well. Easy to understand instructions, and except for the porcupine quills, readily available materials.0 of 0 people found the following review helpful. Great DealBy CustomerLoved the book. Very informative and has a lot of great patterns. Fast shipping. Highly recommended

Deon DeLange's long awaited third book is finally here and contains all of the basic information and step-by-step instructions for making beautiful beaded earrings, plus many new techniques and designs. With charts, easy-to-follow illustrations, and photographs of each design, making beautiful earrings couldn't be more simple. Techniques of Fashion Earrings begins by describing the basic techniques for Deon's Designs Originale, followed by a section on Multiple Beading Techniques, including Seed Bead foundations and Double Beaded Styles. The Increase Stitch is introduced next. This technique allows the creation of shaped designs. New designs are included with each section. There are also Special Notes for the more complex designs. The final section contains Christmas Designs which incorporate all of the techniques described in the preceding sections of the book. Exciting new designs included are: Small Cross, Regular Side Angles, Lightning Bolt, Stylized Bird Man, Large Cross, Bees-lee, Rainbow Quill, Pink Flower, Tapered Side Angles, Two- Headed Bird Earrings Necklace Set, Zig-Zag, Diamond Times Four, Rainbow Shooting Star, Blue Flower, Open Triangles, Waterbird, Thunderbird, Mosque, Double Arrow, Elongated Diamond, Heart Drop Earrings, Large Heart Earrings, Small Bow, Hourglass, Large Bow, Fish Earrings, Indian Maiden Earrings, Santa #1, Bell, Candy Cane, Santa #2, Christmas Tree, Candle #1, Candle #2, and Angel Earrings. Deon's first two books have sold more than 150,000 copies and she is the undisputed queen of Brick Stitch Earring designs.
