**Various : Teddy Bears In Cross Stitch** before purchasing it in order to gage whether or not it would be worth my time, and all praised Teddy Bears In Cross Stitch:

There are 8 sets of bears near the end that are small little bears ( a few inches in height when worked) that I love. Much of the patterns are very traditional in this book which really isn't my style but they are nice though. But the 8 at the end are so awesome. My favorite is the naked bear with a leaf on his groin area. Plus there is one doing a handstand by a sunflower. Another set has two kissing, etc.Those 8 patterns are so cute and fast to work up. They are great for cards or you can plug them into some larger scene you're working.0 of 0 people found the following review helpful. Five StarsBy Hawaii StitcheI love the patterns in the book. Definately, I will be stitching in the future. Thank you!!!1 of 1 people found the following review helpful. Five StarsBy CustomerLove it was just what I wanted
