Tony Clements : The African Violet Handbook before purchasing it in order to gage whether or not it would be worth my time, and all praised The African Violet Handbook:

1 of 1 people found the following review helpful. The best book ever-all you need to grow African Violets in this little book.By ElleI'm new to A.V's and needed a reference guide. I purchased a couple of other books in addition to this one..This is absolutely the BEST African Violet information guide I've seen. Had I found this at my bookstore first, I would have purchased only this one. I'm selling all my other AV books-this is all I need and my leaves (purchased on

eBay) are doing well...I have about a 50% rooting rate using information from this book..which is pretty good for a newly to this delicate plant.Highly recommended!0 of 0 people found the following review helpful. The African Violet HandbookBy MB48I borrowed this from the library and liked it so much I bought it.0 of 0 people found the following review helpful. Good InformationBy Kindle CustomerVery good book for care and nurturing of African Violets

Tony Clements, Britain's leading African violet specialist, knows the secret of keeping these supposedly tricky plants in beautiful condition. With over twenty years' experience of commercial violet growing behind him, he gives us the benefit of his expert advice on every aspect of care and cultivation, and shows how you can develop superb specimens with a long flowering season. Written in clear, straightforward style, completely free of technical jargon, and illustrated with superb colour photographs, this is an important book which will fire would-be collectors of these beautiful plants with enthusiasm and give encouragement to those who have previously found them difficult to grow. Completely up-to-date, this is the authoritative text on these beautiful plants.

About the AuthorTony Clements has exhibited many times at the Chelsea Flower Show, receiving numerous Gold Medals from the Royal Horticultural Society. For many years the proprietor of the African Violet Centre, he is now retired and living in Wells-in-the-sea, Norfolk.
