I'm not saying I can do them all, but I'm sure if I practiced, just like anything, I could do these as well. Some however, seem like they are wanting you to buy tools and products, but I don't think all that is needed. I saw this at my hair dressers and came home and ordered it. Very nice hair ideas in my opinion.0 of 0 people found the following review helpful. Simple hair inspirationBy Jessica K.While only some of the hairstyles featured appealed to me, this book has very clear instructions on how to achieve each style. Rubi Jones also explains how properly blow dry hair depending on the look you want, with varying techniques for smooth or wavy hair. This is an inexpensive and helpful book for any woman who needs a few new ideas for styling her hair.8 of 9 people found the following review helpful.
