**Kristin Peck : The Art of Handmade Tile** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Art of Handmade Tile:

0 of 0 people found the following review helpful. I recommend this.By Andreavery thorough directions though have not had time to try them out. I find many of these books at libraries and find I have to have them. It is hard to buy books without seeing them. I recommend this.3 of 3 people found the following review helpful. Practical Tips for TilemakingBy H. DwyerI had started to make hand made tiles before finding this book. On one hand the book confirmed a couple of things I was doing that were right, but more importantly the book provided tips and techniques that I had thought of yet. After going through the book I went back with increased confidence that I could make better tiles. Recommend this to other clay people that haven't tried making and decorating tiles.1 of 1 people found the following review helpful. Worthy of the libraryBy Debra Eyman WhiteheadThis is a good book to inspire designs but it's fairly light for detailed information on things beyond basic design. Handmade Tiles: Designing, Making,

Decorating is a much better book for overall tile making information. That having been said, it will be a part of the bookshelf.

Creating handmade decorator tiles can be fun and easy! This friendly approach to making handmade ceramic tiles demonstrates how to design, fire, and decorate stunning tiles and provides ideas for creatively utilizing them in the home. More than 200 photos guide readers through each step of the creation process and then into four projects: culinary tiles, twig tiles, house numbers, and a mirror. Suitable for every skill level, this book also contains inspiration and insight from established artists from around the country. - Detailed instructions, photographs, and illustrations ensure success - Includes diverse designs and inspiration from artists throughout the country
