**Theda Bassman : The Beauty of Hopi Jewelry (Jewelry Crafts)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Beauty of Hopi Jewelry (Jewelry Crafts):

And we need to know exactly WHOM are among the most famous AND sought Hopi jewelers. Released in 1993, this volume is losing relevance for twenty-first century Hopi jewelry admirers. Many of today's leading Hopi jewelers were barely born when this book was released, an updated version would be most welcome!0 of 0 people found the following review helpful. Five StarsBy April EwaskeyBeautiful book educates the collector.8 of 9 people found the following review helpful. Fine Introductory BookBy A Hopi Art CollectorAll of the books by Ms Bassman are consistently well done. The layout and photography by Gene Balzer is excellent. If you are seeking a resource filled with beautiful photographs, this is one (along with Ms Bassman's companion publication re: Navajo jewelry) to add to your library. The only "flaw", if it is

such, I could find with the two books was a very limited introduction and text (three pages). A+ for photos -- and C- for text/history. You'll enjoy this book!
