From Collins Brown; edition (2012-07-05) : The Best-Dressed Knitted Bears: Dozens of Patterns for Teddy Bears, Bear Costumes and Accessories by Emma King (2012) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Best-Dressed Knitted Bears: Dozens of Patterns for Teddy Bears, Bear Costumes and Accessories by Emma King (2012):

0 of 0 people found the following review helpful. So many wonderful bears to knitBy Deborah SharpIt was so difficult to decide what bear to knit first. We decided on the birthday bear, but I'm sure ill be knitting a few others also.4 of 4 people found the following review helpful. Great ideas, adorable, but missing a few thingsBy Patricia J. BarrettI would have given this 5 stars, if not for the errors in the book. They're easy enough for someone who's been knitting for a while to see and correct, but could be frustrating for a beginner. I also wish the outfits had included instructions to make them fit all three sizes of bear. You *can* improvise with yarn weights and needle sizes, but it would have been nice to have different stitch counts to size them up.That said, I do really enjoy this book and am glad i bought it. It is FULL of patterns for different sizes and difficulties of bear patterns. That and the number (and cuteness!) of the outfit patterns make the book a great buy. Even the non-knitters I know have enjoyed flipping through the book and looking at the pictures.0 of 0 people found the following review helpful. ExcellentBy B.BoonI have been having so much fun knitting projects from this book that I forgot to review it! There are bears for various skill levels, from a simple bear that even a novice could make, up to fairly complex creations requiring more skill and patience. The clothes are cute

and easy to make. I would recommend this book to anyone who wants to knit bears and their clothes.
