From Kalmbach : The Big Book of Beading Patterns: For Peyote Stitch, Square Stitch, Brick Stitch, and Loomwork Designs before purchasing it in order to gage whether or not it would be worth my time, and all praised The Big Book of Beading Patterns: For Peyote Stitch, Square Stitch, Brick Stitch, and Loomwork Designs:

0 of 0 people found the following review helpful. ... bookmark or bracelet pattern in the back that seems like a beginner (like myself) could do AND I have ...By Red MontanaMade for a person who has beaded before BUT found

an autism bookmark or bracelet pattern in the back that seems like a beginner (like myself) could do AND I have an autistic son. Great book! 1 of 1 people found the following review helpful. Very short on Native American Beadwork patterns like what I was looking for. It was "in general" and virtually useless to me. Sorry.....39 of 40 people found the following review helpful. disappointed By Karen Smith I eagerly awaited this book for months! I enjoy graphical stitching and anticipated a plethora of new patterns to use. Most, if not all, of the patterns in this book have been in the pages of Bead Button magazine, or on their website already...no surprises. If you are recent to stitching this book will be a great addition to your library, but if you've been around a while there's nothing new.

The Big Book of Beading Patterns is the go-to compendium of patterns for all types of stitchers. Many pattern books focus solely on loomwork, but this book also includes popular stitches like peyote, brick, and square stitch in addition to loomwork. The gorgeous patterns here can be used to make beaded bracelets, amulets, tapestries, and more. Patterns are divided into chapters by topics like animals, flowers, holidays, and more. The best of BeadButtons patterns are showcased in this exciting compilation.
