Great book I coulda wrote the same book from the free online infoBy ShawnGood book and info but you can just go online to a bank and get the same info basically for free and on tens of thousands more strains. I thing version 1 and 2 may be better might have info on strains you can't get anymore or clone only old school stuff.0 of 0 people found the following review helpful. Five StarsBy dwight dormanvery good book1 of 1 people found the following review helpful. Great bookBy Kindle CustomerLot of information and photos. The book is well written and very interesting. It goes well into depth about the different plants/seeds etc.. If you need information on buds this is the book to buy.

The fourth volume of the Guru of Ganjas Big Book of Buds series is here with all new varieties from the worlds greatest seed breeders. It is both an eye-catching coffee table book and the most informative, up-to-date variety resource guide available. The Big Book of Buds Volume 4 provides information for connoisseurs and gardeners alike: descriptions of appearance, cultivation preferences, range of highs, and medicinal qualities. Spanish and California

strains are included for the first time, offering more outdoor selections to gardeners in southern climates. Exciting new award-winning varieties from Dutch and Canadian seed companies provide even more choices for everyone. With valuable gardening tips and insightful reflections on the role of marijuana as a social unifier and catalyst, this is the book for marijuana lovers and cannabis converts that are coming out of the closet.
