All lovely and I look forward to making many of them, great gifts for my friends who love tea....or make coffee in a French press. It isn't easy to find tea cozy patterns and this has a lifetime's worth of them. A wonderful book! 0 of 0 people found the following review helpful. Creative motifs By Soup Girl Great designs with clear instructions. Not all based on the same formulaic pattern, but actual individual patternwork. I made the pineapple cozy and had no trouble adapting it to fit a challenging silhouette teapot. Unfortunately, not all teapots are the same size or shape, but this book is a great starting point. 0 of 0 people found the following review helpful. Great teacozies to make By P. Wilfort Love all the teacozies, eas to make beautiful pictures.

This bumper book features 75 tea cozies, from tasteful to totally frivolous, so you're sure to find something to inspire you.
