Virginia Lamp : The Big Book of Unique Shapes (Leisure Arts #1965) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Big Book of Unique Shapes (Leisure Arts #1965):

There are tissue covers, coasters, a birdhouse, a kitty hair clip holder a train theme for a child's room, Cat and puppy themed stuff and many more items I didn't mention. I have made several projects from this book and definitely recommend it to plastic canvas lovers. It is one of those books that have exciting patterns that are useful and guaranteed that you will make them. It uses heart canvas, 7 mesh, circles and I believe hexagon canvas shapes also. 0 of 0 people found the following review helpful.
