Sue Doggett : The Book Binding Handbook (Artist's Bibles) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Book Binding Handbook (Artist's Bibles):

2 of 6 people found the following review helpful. Three of them!!! (lol)By FennelI must really like this book! I keep ordering it!One had a new face cover! So not fair to judge me about that one. One was from a third party and really stained with tea or coffee...The third is brand new! All of them cover a multitude of techniques. Well illustrated and at times copy is hard to find. I did not have a hard time....as I stated before I got three copies.15 of 18 people found the following review helpful. same bookBy ljcIf you already own BookWorks, by the same author - don't buy this book... it is the SAME book... I will be returning mine this week. It needs to be stated somewhere on the website that this is a

reprint of a previous book - new copyright date, new publisher, new title - SAME book!The book is good and and deserves more stars - but cannot give it more because it is not new... wish I could send a review without star rating it.

This hardcover book with internal wire-o binding is 6.5in x 8in is a perfect size for readers to keep handy and reference often. The stylish design of this book, along with the interior photographs, illustrations and diagrams, make the learning process simple and fun for beginners and provides useful tips for more advanced readers.
