Joseph Smith Jr. : The Book of Mormon Miniature Pocket Sized Edition - 3.5 Inches Wide by 5 Inches Tall
before purchasing it in order to gage whether or not it would be worth my time, and all praised The Book of Mormon Miniature Pocket Sized Edition - 3.5 Inches Wide by 5 Inches Tall:

1 of 1 people found the following review helpful. Pleasantly surprised by this fine copyBy MagnumMattI got my copy of the Book of Mormon on time through from seller Cassidybills. Very fine copy. I was expecting the recently released 2013-edition pocket Book of Mormon (blue), but this is a burgundy-colored, 1994 edition. This was purely my mistake in ordering the wrong edition. But this is no problem to me; I like this edition very well. The corners of the pages and synthetic-material cover are sharp, as with almost all books, not rounded, like the 2013 pocket edition is. This means that the corners are slightly more prone to wear due to frequent pocket carry, and also that the book itself may snag in one's pocket more compared to a round-cornered version. I give this copy of the Book of Mormon four stars total for readability (more on that in a moment), compactness, and overall great quality (as great of quality as you can expect from what is basically a downsized "economy" version). Now the text is small, especially the footnotes/references (beware if you have poor closeup vision, especially you older folks out there). But the text is certainly not impossible to read for the average eye. I have less than 20/20 vision in both eyes, and I can read the text from about my arms' length away. With my glasses it becomes perfectly easy to read. I carry this copy with me almost daily, and it is not cumbersome when I am wearing my "church" clothes, slacks, or cargo pants (all of which have fairly deep front pockets); I do feel this Book more prominently, however, when wearing regular cut jeans (which have

shallower pockets), but not to the point of discomfort. It fits in my dress shirt pocket snugly. Also, the book's flexibility makes it conform to my pocket well as I go about with my daily activities. I will subtract one star for this reason: the price. The cost is not prohibitively high, but \$13 after shipping is a little steep, I think. My circumstances influenced my judgment to buy a pocket Book of Mormon from rather than from store.lds.org. If I were in other circumstances, I would certainly have paid \$4 with shipping by getting it straight from the Church rather than getting it here. Again, I am not dissatisfied with the product at all, nor the speed and quality of delivery; I just think could have priced it a little cheaper. But, take my opinion for what it is. Overall, I am very pleased with the product. I am glad to have this unique pocket copy of the Book of Mormon: Another Testament of Jesus Christ. I can now take this precious volume of revelation with me wherever I go. 2 of 3 people found the following review helpful. GreatBy AlphaThis little book is very nicely sized, strong though soft paperback, and it's print is clear and easy to read. 1 of 1 people found the following review helpful. Life ChangerBy CustomerThis book is life changing. I love it! It has helped me draw closer to Jesus Christ and see how I can have faith despite challenges in my life. Highly recommend reading it!
