**Gillian Morgan : The Book of Teddy Bear Making** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Book of Teddy Bear Making:

1 of 1 people found the following review helpful. It's a teddy bear world! Everyone needs this book for their library! You won't be sorry!  
By Laura D. Bell  
I love anything with teddy bears that make it fun and easy to follow. I highly recommend this for your resource library. I am already collecting fabrics to make the teddy bears. I also like the resource area where to purchase other items needed for making teddy bears.

By Katherine Pierce  
PERFECT!  
6 of 6 people found the following review helpful. The Book of Teddy Bear Making by Gillian Morgan  
By Lorraine Bruce  
The most informative teddy bear making book I have every read. There is one flaw however, George Thomas (bear) is missing his tummy in the pattern section on page 184.

This book will show you how to make your own special family of bears. Twenty-five step-by-step projects explain how to make traditional and contemporary teddy bears, with detailed information on materials, techniques and costumes. Full color.
