Ann Morris : The Bookmaking Kit before purchasing it in order to gage whether or not it would be worth my time, and all praised The Bookmaking Kit:

4 of 4 people found the following review helpful. love this kit!By D. WhiteThis kit is wonderful. I gave it only 4 stars because it can be slightly confusing at times...you are not sure which papers go to which project, but that is no biggy really. this kit has given my 8 yo daughter hours and hours of fun and creativity! i love reading her books.

Packed with colorful bookmaking materials in a sturdy, portable box, this kit contains step-by-step instructions and diagrams for making twenty-five different kinds of books. Full of ideas, encouragement, and suggestions for what to write and draw inside handmade books, this fabulous how-to package provides hours of fun and a whole new perspective on what a book can be.
