Alice Starmore : The Celtic Collection: Twenty-Five Knitwear Designs for Men and Women before purchasing it in order to gage whether or not it would be worth my time, and all praised The Celtic Collection: Twenty-Five Knitwear Designs for Men and Women:

0 of 0 people found the following review helpful. Celtic CollectionBy VTThis is a gorgeous book -- you'll be tempted to put it out with the coffee table picture books. It starts with a couple of pages on history of Celtic people Celtic landscape, adds a few pages on techniques used, yarn needle conversions, etc. at the end. The patterns include cable

texture, intarsia, and Faire Isle (stranded) color techniques. Great inspiration even if I never tackle any of the patterns.0 of 0 people found the following review helpful. Alice Starmore is one of the most amazing knit designers everBy Stephanie KingAlice Starmore is one of the most amazing knit designers ever! Her designs are above and beyond anyone else and her patterns and directions are clear and easy to follow. Best of all, she takes the fear factor out of fair isle and complex cables. I LOVE this book ! It will inspire my own designs for many years to come!1 of 1 people found the following review helpful. Excellent historical info and interesting designsBy SharonThis book is not for beginning knitters. It is a guide to creating Celtic knits, with a number of very interesting knitting patterns in sweater designs that will require major modification to look current. The book contains a great deal of interesting historical information as well. I recommend it to advanced knitters who can take the interesting Celtic patterns and shape them into a more current look. This book was written in 1993, when we were all wearing sweaters and jackets at least a size too large.

Best-selling author Alice Starmore combines style, practicality, and the mystery of the Celtic spirit in this gorgeous collection of knitwear designs.
