Gay Estes : The Church Ladies' Guide to Divine Flower Arranging before purchasing it in order to gage whether or not it would be worth my time, and all praised The Church Ladies' Guide to Divine Flower Arranging:

0 of 0 people found the following review helpful. Its a good book if you are a beginning church decorator/flower arrangerBy Rosa P OMallanIts a good book if you are a beginning church decorator/flower arranger. It doesn't have enough visual color or actual arrangements which I was hoping for. I gave it as a gift to the guy working in our church and he said it was ok for beginners but not helpful for him at this stage. He wouldn't give it back though!?!0 of 0 people found the following review helpful. Whimsical and very full of information.By B. GorderDelightful little book with lots of tips for flower arrangers and although directed for church flower guilds it is suitable for all people

interested in flower arranging0 of 0 people found the following review helpful. This little book is packed with useful tips!By BethLots of great information in this little book. And enjoyably written!

Simple yet thorough, this resource is the definitive guide for those responsible for creating stunning flower displays in a liturgical environment. Beautiful watercolor illustrations depicting unique arrangements as well as humorous anecdotes are peppered throughout this lighthearted and extraordinarily useful guide. The skills and techniques described can be utilized by the beginner and expert alike, and may also be used for arranging flowers outside a church setting.

"Don't let the title fool you. This nifty little book offers flower-arranging tips for the layman, not just our 'professional' flower arranging church ladies." theadvertiser.com
