**Linda Yang : The City Gardener's Handbook: The Definitive Guide to Small Space Gardening** before purchasing it in order to gage whether or not it would be worth my time, and all praised The City Gardener's Handbook: The Definitive Guide to Small Space Gardening:

2 of 2 people found the following review helpful. Great book for container gardening!!By LauraI recently bought this book because I wanted to start a garden on my deck. Everyone I spoke to at garden centers was very discouraging when I told them I wanted to plant perennials in containers. This book is extremely helpful and basically the author open me up to a whole new world of gardening!! I'm having a great time with my new creative project!!4 of 5 people found the following review helpful. Nice book.By Happy momGood overview, exactly what I was looking for, since I just moved into an apartment in the city with a deck, and have looked for a book that would help me pick and care for outdoor plants.1 of 2 people found the following review helpful. Very good book. Highly recommended for NYC

gardenersBy frequent buyerVery good book. Highly recommended for NYC gardeners.

Turn small balconies, sunbaked rooftops, and even cramped windowsills into delightful, thriving gardens. This comprehensive guide covers everything you need to know to successfully design and maintain an urban garden in whatever space you have available. Lydia Yang profiles dozens of beautiful and hardy plants and offers expert advice on everything from preparing your soil to managing pests. Filled with charming anecdotes and stunning photographs, *The City Gardeners Handbook* will inspire you to bring the joys of the garden into the metropolis.

"Compactly combines the virtues of extensive knowledge, organization, clear-eyed design, and last but not least a sympathetic, briskly dedicated authorial tone...conveys maximal information with minimal fuss." *Publishers Weekly*
