From North Light Books : The Coloring Book of Urban Sketches: 101 Cities and Scenes before purchasing it in order to gage whether or not it would be worth my time, and all praised The Coloring Book of Urban Sketches: 101 Cities and Scenes:

0 of 0 people found the following review helpful. Decent bookBy Shar GDecent book. I got this for inspiration as I am trying my hand at Urban sketching. The sub title states 101 cities and scenes -my disappointment with this - not all sketches tell where these cities/scenes are located - that would have been most helpful to me. On the back of each pic - there is only credit to artist.

The architecture, the sights, the people... Color the stuff of urban life! Discover a whole new, creative and relaxing meaning to "paint the town." Through 101 beautiful line drawings, The Coloring Book of Urban Sketches takes you on a tour of locations around the block, across the country, and around the world! It's a fun book to visit, and a hard one

to walk away from, full of color-your-heart-out coloring pages ranging from cobblestone streets and terracotta rooftops to skyscrapers and subways. You'll find a range of styles and subject matter, including: Modern and classic architecture Crowds, cafes and marketplaces Bridges, statues and landmarks Cityscapes, streetscapes, and skylines Flip through to find your creative destination...grab your colored pencils, markers or pens...and get lost in sights and scenes from around the world!

About the Author Kristy Conlin is managing editor for F+W Media's North Light fine art community. Inspired by the authors she works with, Kristy currently dabbles in art journaling, acrylic painting and encaustic painting and is ready to tackle urban sketching.
