The Complete Book of Herbs: A Practical Guide to Cultivating, Drying, and Cooking With More Than 50 Herbs:

1 of 1 people found the following review helpful. but a good resource to have for any gardener or someone interested  
...By Morgiethis book is a little dated, but a good resource to have for any gardener or someone interested in herbs. it  
also looks really pretty in any library. there are really nice recipes for food and lotions and things in the back!  
0 of 0 people found the following review helpful. BookBy Blondie32506Fast delivery. Arrived undamaged. Product is as  
described. I would purchase this product again and I would recommend this seller  
0 of 0 people found the following review helpful. Good bookBy Roddy ReynoldsGood reference book for herbs

Features advice on all aspects of growing herbs--from buying and planting them to caring for and harvesting them--  
and includes a section on designing an herb garden and information on drying herbs and creating potpourri.
