4 of 4 people found the following review helpful. a Beautiful book...By Bridgit61This is not suitable for someone just beginning to use polymer clay but it certainly gives you ideas! It is incredible to see what one can actually do with this medium after working with it for a while. This is for the advanced crafts person. Something to aspire to!1 of 1 people found the following review helpful. Five StarsBy Joanne M. DeFioreGreat reference book. Beautifully laid out and very comprehensive. Highly recommended!2 of 2 people found the following review helpful. Great book with new ideasBy Fitness guruGreat book for new ideas on how to use polymer clay. Would recommend

If crafts are big, then clay is colossal. From pins and pendants to bracelets, buttons, and embellishments, crafters of all ages are embracing the creativity that polymer clay inspires. The Complete Book of Polymer Clay is an encyclopedic book by renowned expert Lisa Pavelka includes the latest techniques, handy tips, and trade secrets. Pavelka presents a sweeping overview of materials, how-to fundamentals, and construction techniques. She also introduces six original projects with complete instructions showing readers how to make pendants, curio boxes, a necklace, and a bracelet.

Clear, concise, and comprehensive, this is an essential addition to any crafter's library, no matter his or her skill level. For even more inspiration, this indispensable reference features a gallery of 50 original projects by Pavelka and other talented polymer clay designers.
