**David Francis Curran : The Complete Ginseng Grower's Manual** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Ginseng Grower's Manual:

3 of 3 people found the following review helpful. Practical and usefulBy Stephen K. MercerThis is a good read for anyone interested in the actual mechanics of growing ginseng. It is practical and succinct, and the author does not waste time on superfluous material.1 of 1 people found the following review helpful. Let's keep and endangered species for extinctionBy ThereseI recently read that this plant was placed on the endangered species list. We all hav e a responsibility to see that these plants especially those with such profound medicinal properties don't go extinct. So we all need to make an effort to learn about it and try to grow it. It would b a shame to lose such a gift0 of 0 people found the following review helpful.
