**Jane Packer : The Complete Guide to Flower Arranging** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Guide to Flower Arranging:

0 of 0 people found the following review helpful. Beginners, don't pass up this book!By Sheila Seiler LagrandAs a beginner, I found this book hugely helpful. The detailed illustrations and step-by-step instructions are great.It also includes gorgeous, inspiring photographs and sections on the principles of flower arranging. Another section covers skills and materials--things like how to wire flowers or spiral stems.2 of 2 people found the following review helpful. Owned a copy for YEARS!By CustomerThis is beyond excellent for learning technique, or for getting some ideas. This book, at least for me, has been a bible of ideas, and I did my wedding bouquet and flowers based on some of the ideas in the book. This copy I am purchasing as I've worn the heck out of my previous copy!3 of 3 people found the following review helpful. Not what I was looking forBy truthfulThe book is beautiful and for someone that already knows flower arranging it would serve as good inspiration. I was looking for the photos yes, but also step by step instructions so I could learn basics not become a pro, but just get fundamentals on how to make arrangements and this book didn't provide that. It'll serve as a good coffeetable book and eventually for a yard sale item. The title "Compete Guide to Flower Arranging" is not quite what the content is.

Teaches the principles of flower arranging and display while demonstrating practical techniques for more than one hundred fresh and dried flower arrangements for a variety of occasions and seasons. Newbridge Garden Alt.

From Booklist Although her earlier book, Jane Packer's *New Flower Arranging*, was a feast for the eyes, specific instructional material was kept to a minimum. Her new book is as practical as it is gorgeous, with beautifully photographed, step-by-step directions for every arrangement. Packer's floral designs reflect a refreshing, exuberant sensibility in combining texture, color, and container. Among the fresh and dried offerings are a bridal bouquet and informal hanging bunches of herbs and flowering plants. Included is a glossary describing specific traits of many flowers; professional tricks of the florist's trade are illustrated, helping ensure successful ventures even for the complete novice. Alice Joyce ...practical as it is gorgeous, with beautifully photographed, step-by-step directions for every arrangement...professional tricks of the florist's trade are illustrated, helping ensure successful ventures even for the complete novice. -- Booklist An excellent guide for the person who has to cook the dinner, set the table, and worry about the flowers in double time. -- Philadelphia Inquirer, Dec 6th

From the Back Cover An innovative, practical approach to fresh and dried flowers by a leading international floral designer, *The Complete Guide to Flower Arranging* features more than 100 displays for all types of container and for every occasion. Easy-to-follow photographic sequences show exactly how to build up each style of arrangement.
