Herbs All Year Round: (Foraging Books, Wild Foraging, Bushcraft) (Edible Plants Book, Foraging Herbs):

3 of 3 people found the following review helpful. once over lightlyBy NI bought the Kindle version.Pros: Good once over lightly. Quick read. If you want to know of a few plants you probably can find wherever you are, this book will give you an idea of what may be available and when-ish.Cons: The geography is way too broad. Could use more editing - broadly repetitive, spelling errors. If you're looking for a field guide, this is not it. Complete Guide is a misnomer.1 of 1 people found the following review helpful. Five StarsBy CHAS F. MARISCHENThank you.1 of 1 people found the following review helpful. Given as a gift. Granddaughter read it cover to ...By William HoosGiven as a gift. Granddaughter read it cover to cover and said very informative.
