Grace Taormina : The Complete Guide to Rubber Stamping: Design and Decorate Gifts and Keepsakes (Watson-Guption Crafts) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Guide to Rubber Stamping: Design and Decorate Gifts and Keepsakes (Watson-Guption Crafts):

0 of 0 people found the following review helpful. Great book, very helpful for a beginnerBy NpdmacGreat book, very helpful for a beginner, and super fast shipping! I highly recommend this book to anyone interested in learning about rubber stamping. I'm a newbie and I learned so much!0 of 0 people found the following review helpful. Useful but datedBy JanCovers a lot or basic techniques, but this book is dated in light of all the new products and technology

available to rubber stampers. This book does have some good ideas to spark your creative juices. 7 of 7 people found the following review helpful. Amazing! By Shannon Gillen This is the first stamping book I've ever purchased. I'm very happy with my purchase it and highly recommend it! For each project, she clearly explains how to accomplish it; as well as, providing very nice pictures throughout the book!!

Designing and decorating with rubber stamps is a fun and creative way to turn the ordinary into the extraordinary. With its beautiful illustrations and easy-to-follow text, this is the essential guide to the popular craft. Provides detailed lessons on materials and supplies, basic techniques and project design. 255 full-color illustrations.

.com The relative ease and low investment that this craft requires attracts many beginners. But the burgeoning sophistication of stamps and related supplies (including a bewildering array of inks and embossing powders) has extended its appeal to experienced artisans and resulted in many advanced techniques, along with increased costs for materials. Fortunately, help is at hand in this wonderful book, which offers a lovely array of projects and thorough information on all the groundwork. Wisely avoiding the cutesy look to which this craft often succumbs, the author provides elegant ideas for rubber stamping gift-wrapping, stationery, home decor, fabrics, and plates, as well as a chapter on holidays and special occasions, supplemented by good, clear photos.
