Mike Schneider : The Complete Salt and Pepper Shaker Book before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Salt and Pepper Shaker Book:

0 of 0 people found the following review helpful. basic bookBy amggood general book about salt and pepper shakers0 of 0 people found the following review helpful. The complete salt and pepper bookBy CustomerEnjoyed looking through the book6 of 6 people found the following review helpful. helpful bookBy peggie48This is a very good book. It's is very helpful to my husband and myself, we have a large collection of salt and pepper shakers. We like the way it is laid out with one drawback. The price list is all in the back of the book, a little bit of a pain to look up, and maybe if the pictures were numbered it would be easier to find the price of whatever shaker set your looking for. Overall a very informative book.

The largest, most comprehensive and colorful guide to salt and pepper shakers ever published! A companion volume to *The Complete Cookie Jar Book*, published in 1991. *The Complete Salt and Pepper Shaker Book* shows more than 1600 sets of figural shakers in full color. The collection includes those by American potteries such as Rosemeade and Ceramic Arts Studio that have never appeared in a book before. Company histories, measurements of shakers, and pictures of marks and paper labels are among the book's innovative features. As some salt and pepper shakers currently attract hundreds of dollars, this book is a must for collectors, dealers, and appraisers. Look inside, even if you have never held an interest in salt and pepper shakers before, and this book will open your eyes to a wonderful collectible. A price guide is included.

About the Author Mike Schneider is a freelance writer from Wellington, Ohio, who has published hundreds of articles on antiques and collectibles. His other works from Schiffer Publishing include *Majolica*, *Animal Figures* and *The Complete Cookie Jar Book*.
