Helga Muller, Helga Meyer : The Contemporary Craft of Paper Mache: Techniques, Projects, Inspirations
before purchasing it in order to gage whether or not it would be worth my time, and all praised The Contemporary Craft of Paper Mache: Techniques, Projects, Inspirations:

..includes an interesting variety of associated techniques (postive clay forms and negative plaster molds, and mixed-media methods for decorating surfaces), which adds a distinctive element to the overall content of this guide to working with papier-mache....Among the numerous projects represented are very contemporary forms, as well as objects inspired by folk art and works by indigenous peoples....Filled with ideas, inspiration, and practical advice, Meyer offers challenging projects, as well as basic how-to information for beginners."-- "Booklist. 208 pages, 150 color illus., 193 b/w illus., 9 1/4 x 10 1/4.
