AustinGreat book for the baker, recipes not often seen except in Confectioneries. One of the top ten books I have for cookies and often in use. Becoming hard to find, I often give it as a gift. Make sure you don't see the forward slashes that divide the amounts in the recipes (given in grams, oz. and American cup measures)as a one....

Perfect home baking for teatime treats, children's parties, fetes, seasonal events, edible gifts and even healthy-eating

options.
