I think there is no form of stitchery that she wasn't expert in. She adapted the different forms of crewel,stumpwork and other stitchery to the current time making it very 70's but the techniques are the same as in the 17th century and her instructions are clear and full of fun.1 of 2 people found the following review helpful. Four StarsBy Margaret A. CahillVery nice book, although it is a reworking of E Wilson's original book0 of 2 people found the following review helpful. Three StarsBy M. S. Dullegood reference

Complete instructions for a special type of embroidery and it's use in modern design.
