Lisa Gentry : The Crochet Closet (Leisure Arts #4800) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Crochet Closet (Leisure Arts #4800):

1 of 1 people found the following review helpful. Wow !By vw01/08/12 I received this book in terrible condition. I paid for a new book and this one came very old and used looking. Bent in corners, scratches stains ect., I would like a new Book to be sent to me. I did notify and ask for replacement, so hopefully I will update this review very soon.01/09/12 UPDATE: WOW! ! I am so impressed with your speed. Just yesterday I received this book that I had to file a replacement for, today my UPS man is at the door with a new replacement for me in hand, and a pick up label ready to go! I am so impressed. This book came in great condition. I am very happy. Updating this book to a 5 star, because I really do like the content of it. I almost bought it at Michaels, but found a better price here. I especially love the Belted Pant Coat that is in this book. All of the content is very cool and exciting to make and wear.0 of 0 people found the following review helpful. Nice ADD to my library - GREAT SERVICE! Great copy! Happy to GET THIS BOOK!By Polarity Phoenix-ManeThis was a book I added to my order at because it was listed under another book I

wanted to begin with. It appeared to have some nice patterns that I hope to get to making at some point, but the book itself was a cost efficient deal for the patterns and I said, "Why Not!" The patterns in it are basic and my mom always told me basic and classic lines never seem to go out of style, so listening to that advice is what sold me on the simple lines of the cover garments and others that are in it, but a nice chance to experience some various stitches. The book arrived in a nice condition and looked new. The price was very reasonable. 2 of 2 people found the following review helpful. Definitely Worth the Money! By Croch8Nut I originally fell in love with this book when I checked it out from my public library... twice. As I looked through the patterns, I could see myself making and wearing many of the items, especially the blue button-up vest. That's my style, as are a couple of the cardigans, the swing coat, and a really cute coat with a peplum and pleats. There are only a couple of items I don't care for, but I also like the fact that I can make yarn substitutions and still come up with a beautiful project. The patterns call for yarn weights from light (3) to bulky (5), with the vast majority using medium (4) weight. Difficulty ranges from easy to intermediate. Yarn and supplier info, as well as general instructions and yarn weights are at the back of the book. Normally, I am reluctant to purchase books "sight unseen" and based only on reviews, but I'm so glad I was able to check it out before I bought it. Definitely a good buy! You will NOT be disappointed!

The wide array of styles represented by these fabulous crochet jackets, coats, sweaters and wraps gives the fashionable woman 21 beautiful opportunities to expand her wardrobe. From a trendy ruana to a classic one-button cardigan, designer Lisa Gentry has anticipated every fashion need. Other designs include: cardigan with fringe option, peplum jacket, vest with asymmetrical closure, tunic vest, cropped babydoll cardigan, double breasted sweater, wrap coat, cardigan tunic, swing coat with bell sleeves, double breasted jacket, wrap, long coat, two-color swing jacket, belted poncho-coat, and cabled hooded jacket.

About the Author Many fans of crochet know Lisa Gentry as the Guinness Book of Records Fastest Crocheter. She's also America's fastest knitter, currently holding that title with the Craft Yarn Council of America. Lisa grew up in Germany and now lives in Caney Lake, Louisiana, with her husband.
