Jan Eaton : The Cross Stitch Motif Bible: 1000 Motifs in Easy-to-Follow Color Charts before purchasing it in order to gage whether or not it would be worth my time, and all praised The Cross Stitch Motif Bible: 1000 Motifs in Easy-to-Follow Color Charts:

2 of 2 people found the following review helpful. Love it, love it, love it !!!!!By CustomerThis is just plain fun! Motifs galore, color coded pages, an index that can't be beat, borders abounding. You name it, "motif-wise" it's introduced here, home and garden, flowers with ribbons and streamers, quilt designs, and art nouveau, hobbies and

occupations, animals, holidays and many childrens ideas. They are simple but they are delightful and very workable. They even show how backstitch in a certain color will enhance a design. If you are hesitant about mixing color this might be the first book you want because they do that for you. There is a conversion chart at the back of the book so that you can shop for the correct color floss with ease. Just as important, a section for proper preparation and care of your work is included. I learned the hard way that this is critical. A large piece I had just finished was ruined because I took the advice of the kit manufacturer instead of following what I had learned a long time ago about the care of a cross-stitch piece. Trust the authors and enjoy your art.0 of 0 people found the following review helpful. The Cross Stitch Motif Bible: 1000 Motifs in Easy-to-Follow Color ChartsBy deniseA helpful Book that gives small to larger patterns from brick stitch to peyote stitch, full of colored illustrations of bead work point by point you will find yourself excited to see your finished pattern. Although, the pattern is shows the pattern it will make you want to make your own finished pattern. Beautifully colored spiral binder hard covered book in cased with lots of patterns to choose from this book.Well worth the purchase, For Beginners and advance alike easy to follow book.0 of 0 people found the following review helpful. Good ResourceBy STPThis is a nice reference and idea book, There are a lot of designs and since I like to create my own patterns I find it a helpful reference. I think it is a good book for beginners and experiences Cross Stitchers and would recommend it.

This fabulous collection of 1,000 cross stitch motifs, each in the form of an easy-to-follow chart, will enable embroiderers to incorporate their work into pictures, samplers, cards and tapestries. Fully illustrated with step-by-step instructions on basic techniques and needed materials, novice embroiderers as well as experts can easily create each design. A unique spiral-bound format enables crafters to lay the book flat for ease of use when following the stitch charts. -1,000 versatile cross stitch motifs -Step-by-step instructions for basic techniques and materials -Lay-flat spiral-bound format
