Jane Greenoff : The Cross Stitcher's Bible Project Book before purchasing it in order to gage whether or not it would be worth my time, and all praised The Cross Stitcher's Bible Project Book:

7 of 7 people found the following review helpful. Delightful and DifferentBy CustomerThis 1998 book is as contemporary today as when it was written. This book is chock full of designs, color and examples of unusual ways to add stitches and accent the fabric you choose to work on. It is a very good follow up to her, "The New Cross Stitcher's Bible." I enjoy the variety of motifs and explanations of different stitching techniques that complement a cross-stitch piece. So far, I haven't attempted Hardinger or other advanced techniques and think I would prefer to see them demonstrated before using them on a piece I am working. But, these designs are so thoughtfully worked out that even without using other stitches any piece would be lovely in cross-stitch alone. I find her explanation of fabric choices

helpful and as always, appreciate the stitch guide and other information in the back of the book. Her charts are large, easily read, in color and symbol codes. Large pictures accompany each piece and stitch details are photographed when needed. There are a great variety of projects from Blanket Panels to unique Seasonal Florals, Embellished Pictures, Band Samplers and a Space Dyed Spot Motif Sampler in lively colors. Her Christmas Advent Calander features several lovely motifs which can be used as cards or ornaments if you wish. A special treat for me was the Sea Breezes Band Sampler. It's a happy and fun piece and I think it will be my next project. 0 of 0 people found the following review helpful. Greenway at her BestBy Karen L JohnsonA typical Jane Greenoff project i.e. clear, concise, doable designs. Beautiful photography 2 of 2 people found the following review helpful. Cross Stitch PatternsBy STPOnce again Jane Greenoff has given us another wonderful resource. So many creative ideas and ways to make your cross stitch projects truly special. Good directions and pictures with clear color graphs make this a delight to use. Well worth the money.

As a follow up to her acclaimed *The Cross Stitcher's Bible*, Jane has produced this collection of imaginative projects designed to give stitchers a chance to incorporate new and more advanced techniques. There are over 40 designs divided into four sensational sections. *Fabulous Fabrics* concentrates on the beautiful effects that can be achieved by working on different fabrics; *Exciting Embellishments* introduces the enhancing qualities of beads, buttons and speciality threads. In *Perfect Stitch* Jane demonstrates how easy it is to combine other techniques with cross stitch; and, finally, *Beautiful Bands* shows how to combine stitches and techniques so as to create two wonderful heirloom band samplers.

About the AuthorJane Greenoff, managing director of the Cross Stitch Guild, is one of the most successful and popular cross stitch designers. Her knowledge and advice is so sought after that Jane Greenoff's Cross Stitch magazine was launched specifically to provide readers with unique designs and interviews with Jane. She is the author of 12 books, notably Jane Greenoff's *Cross Stitch Bible* also published by David Charles. Jane lives with her family in a converted barn in Gloucestershire.
