Janessa Munt : The Dollar Bill Origami Book: 30 Designs That Turn Money into Art before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Dollar Bill Origami Book: 30 Designs That Turn Money into Art:

3 of 3 people found the following review helpful. Clever designs, broad appeal, good quality overall By Jon Tucker The Dollar Bill Origami Book is a welcome addition to the collection of dollar bill origami books. Janessa Munt is a respected money-folder in the origami community and shares some of her wonderful dollar bill designs in this book. The diagrams included range from beginning-level origami to more complex models that are more appropriate for advanced folders. While the appeal of this book spans across all origami skill levels, this also means that beginners will likely find some models too challenging, and experts will likely find some models easy or uninteresting. Many dollar bill adaptations of traditional models are presented, which are great for beginning folders, but which won't likely intrigue more advanced origamists. Though some space is spent rehashing traditional origami models, most of the book consists of original origami designs of Janessa's. Many models make clever use of the patterns on a dollar bill to make eyes or other features. Janessa is a clever designer, and the designs in general have fun and intuitive folding sequences. Many designs are quick to fold, and some are more challenging, like the mermaid and t-rex. The quality of the book is great. The paper is thick and good quality, and it is printed in full color. Each diagram features a full-page photo of the folded model. The diagrams are done by Marcio Noguchi, who is well-known in the origami community for creating

high-quality diagrams. The diagrams are, with a few exceptions, clear and easy to follow. Overall, The Dollar Bill Origami Book offers a creative look at dollar bill folding and offers many diagrams and good quality for a fairly low price. If you are an origami enthusiast, a fan of Janessa Munt, or a beginning folder interested in folding money, this book would be great. 4 of 4 people found the following review helpful. This book is great! The designs are fun and the instructions are ...By Richard Bearden This book is great! The designs are fun and the instructions are easy to follow along. I love folding The models for gifts for family and friends and I occasionally will fold a goat or a bull dog for a tip when I go out to eat. Can't wait for more designs. 3 of 3 people found the following review helpful. Fantastic Book. By Punisher Fan This Origami book is one of the best ever. The directions are very clear and the models are some of my favorite of all time. I highly recommend this book to any avid Dollar Bill folder like me !
