A great book, but wasn't what I was looking for.

Such a great concept! Love the concept. I had to take off two stars because of the size of the book. I was anticipating a larger size like 8.5 x 11 (a sheet of regular paper). I didn't read the description well enough and the book is actually quite a bit smaller than that. The pages also do not lay flat. Many of the prompts encourage adding photos

and this part will be a bit tricky since they will need to be rather small to fit nicely.
