**Frances Schail Goodman : The Embroidery of Mexico and Guatemala** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Embroidery of Mexico and Guatemala:

1 of 1 people found the following review helpful. Very niceBy M. Gabriela Zayas LilleThis book documents various designs and embroideries from Mexico and Guatemala and does it with texts, photos and teaching the way to make the embroiders by clear drawings. It is a pity that these books are all made by foreigners and I couldn't find any made by Mexicans or Guatemalans authors.This is not a criticism for the authors of this beautiful book, for the native Mexicans and Guatemalans that don't document these rich traditions, so that we can read them in Spanish, our language. This is a very nice and useful book and serves also as an inspirational model to make your own embroideries or patterns based on the ones that it shows.1 of 1 people found the following review helpful. Excellent BookBy Harvest MoonThe pictures some in color, illustrations and writing bring the embroidery of the region to life. Worth adding to your library.0 of 0 people found the following review helpful. Very pleased over-all.By Lydia R MadridFound book well researched and well written. Seller was efficient and prompt. Very pleased over-all.

Lovely book in like new condition in mylar jacket, ex lib., missing last end paper page which contained publishing info. 1976, Scribner, probably 1st edition, 1st printing, as per usual with libraries. 81 pages. 8"x 11".(Assumed) 1st

ed., 1st printing.
