**Robert Burgess : Theatre Models in Paper and Card** before purchasing it in order to gage whether or not it would be worth my time, and all praised Theatre Models in Paper and Card:

0 of 0 people found the following review helpful. Build your own theatre!By Ann C. TurkleBetter than I anticipated. Basic instructions and good inspiration.6 of 6 people found the following review helpful. what an unusual and super bookBy A Customerhow refreshing to find such an exquisite book on this very interesting subject. I made all the theatres and they were a joy to construct following the easy to understand directions. Robert burgess' hand drawn illustrations are beautiful. I would recommend this book to anyone who has a slight interest, young and old2 of 2 people found the following review helpful. Very helpful guideBy Diane in ChicagoIt's hard to find a decent book with patterns and meaurments for paper theatres, so it's a great thing to have this book - a great variety of models and kinds of theatres to build, advice for the beginner, and additional information about types of media. One thing that

annoyed me was that some of the patterns didn't supply a few basic dimensions, and I had to guess - very risky with an art so precise. It also does a poor job of explaining what this fold or that cut is actually going to do for the theatre. Confusing stuff. However, my first theatre was a success and looks lovely, and I'm in the process of making another one with doubled dimensions! Great book!

Discover the magical world of toy theatres-- a unique gift idea for family and friends. Children and adults alike will be enchanted by the 10 designs for exquisite miniature theatres-- many of them of the Victorian era. Projects include a Folding Theatre in a Box, a Pop-up Theatre Greeting Card, a Punch and Judy Booth, and a Bali Shadow Theatre-- all made with paper and cardboard and a minimum of special tools or expensive materials. Basic papercraft skills necessary to create these tiny wonders, such as painting, gilding, rubber stamping, and tea staining, are described in detail. All the templates and decorative images needed to make the theatres are found among the many beautiful color photographs and can easily be photocopied.
